About Us

Emirates1 is a well renowned brand in the Middle East, Africa and parts of Europe and North America. Our products are currently sold in more than 25 countries across 3 continents and we are market leaders in many of these countries. The company is backed by a passionate and skilled team with decades of experience in creating lubricant products.

We are a truly global company with operations and offices in the UAE, India, UK and Canada managing a complex supply chain delivering value and exceeding our customer's expectations every time.

Facilities & Technology

We are ISO 9001:2008, ISO 14001:2015 and OHSAS 18001:2007 certified. We have state of the art manufacturing facilities. We also have a well-equipped laboratory with the latest technology for both oil and grease testing and to meet all our research and analysis needs. We engage in continuous research to develop new and improved products and solutions for our customers.

API & OEM Approvals

Quality and technology are at the heart of all our products. We have a wide portfolio of our products meeting the latest European and North American Engine oil specifications. Our products are approved by the **American Petroleum Institute (API)** and also from OEM's such as **BMW, GM, Porsche, VW, MB, Renault** etc. for passenger cars and **Cummins, Mack, Volvo, MAN, Caterpillar** etc. for commercial applications. We also meet and exceed the standards of **ACEA, ILSAC & JASO** etc. for many applications.

Products

We manufacture all kinds of lubricants like Passenger car oils, Heavy duty Diesel Engine oils, Gear oils, Transmission Fluids, 2 Stroke & 4 Stroke, Brake Fluids, Hydraulic oils, Industrial Lubricants, Automotive Coolants, Marine Oils and Greases etc. We use high technology base oil stocks and some of the most advanced additive packages from Chevron, Infineum, Afton, Lubrizol etc. Our products are available in mineral, semi and fully synthetic base oils.
